

PageProof wins hearts in the latest online proofing report

We are thrilled to share that PageProof has received an impressive 13 badges in the G2 Spring 2023 online proofing category report. This solidifies our position as the leading solution in the Results, Relationship, and Usability categories. PageProof maintains its exceptional track record of being rated a near-perfect 4.9 out of 5 stars.

Loved around the world.

PageProof online proofing wins hearts worldwide

We love that PageProof is once again recognized as a High Performer in the online proofing category. And this includes customers from small-business, mid-business, and enterprise customers. This recognition can be attributed to our remarkable customer satisfaction scores, no matter what the business size. In addition, our recognition as a High Performer for the European region reinforces our position as a globally loved solution.

A big thank you to our users who have provided reviews – we are thrilled to have so many happy customers behind us.

Let's take a quick look at why we have scored so highly:

PageProof puts customers at the forefront

At PageProof, we prioritize our customers' needs at every stage of the customer journey. Our aim is to deliver outstanding service at every customer interaction. Even our mantra reflects this: Team PageProof. As part of the quarterly G2 category review process, customers are asked to rate their relationship with their online proofing provider. We are thrilled that we have received 2 out of 3 badges in the Relationship category. Best of all, the supporting scores for each badge are near-perfect.

Customers come first.

Voted: Best relationship

We are customer-focused every step of the way, so we are over the moon to be voted as the product with the Best Relationship overall. A score of 98% means our users recognize that we are passionate about creating a joyful, nurtured experience that puts customers and their brands at the forefront. It should be noted that this is miles ahead of the category average of 88%.

Voted: Best support

We pride ourselves on our customer support. Therefore, it is an honor to be voted as the product with the Best Support with a near-perfect score of 99%. Meaning our users recognize our personal touch and quality of assistance with every customer interaction – no ifs, buts, or bots.

Boost your online proofing productivity with PageProof

For online proofing software users, it is crucial to have a powerful and user-friendly review and approval process to produce pixel-perfect work that is brand compliant – saving valuable time and resources. With PageProof’s robust framework, achieving brand compliance is made effortless.

PageProof also supports you in growing your brand. By inviting engagement across a wider team, more diverse ideas and feedback are added to your creative process – strengthening your brand. We believe that every voice can make a difference, and we support creative collaboration by offering no limits on users, data, and storage.

Software buyers can compare products in the G2 online proofing category according to their Results scores. We are thrilled to have been awarded 2 out of 3 badges in this category and have also been recognized with the “Users Most Likely To Recommend” badge for small-business results.

Powerful proofing. Best results.

Voted: Best Results

We are thrilled to be named the online proofing platform that gives users the Best Results with a score of 92% – miles above the category average. This badge is a reflection of being awarded the highest overall results score sourced from a combination of measures including estimated time to ROI, time to go live, and highest likelihood to recommend.

PageProof’s ROI is 8 months on average, which is substantially less than the category average of over a year. And the time to go live is 36% quicker than what

users are experiencing with other software solutions.

We are passionate about adding capability while removing barriers to your review process. Meaning you will achieve your best results.

Voted: Users most likely to recommend

It is an honor to again be named the online proofing platform that Users Are Most Likely To Recommend. 98% of our users are likely to recommend PageProof.

We are delighted that users love the experience of PageProof so much that they would not hesitate to recommend us.

Ingeniously simple to use.

PageProof online proofing: simple to use but powerful

PageProof provides a powerful, smart platform that lets you fly through approvals on autopilot. Software buyers can compare products in the G2 online proofing category according to their Usability scores to determine which products are the simplest to use. With near-perfect scores in all categories, PageProof is the #1 voted solution in this category, winning best usability overall. Simply put, users love us.

Voted: Best Usability

We are proud that users voted PageProof as the tool with the Best Usability. This badge reflects the highest overall Usability score: highest ease of use rating (95%), highest ease of admin score (96%), and the highest meets requirements score (95%). PageProof received a total score for Best Usability of 94% which we are proud to say is well above the category average (87%). We love that PageProof offers an endless range of powerful and innovative features that are ingeniously simple to use.

“PageProof itself is a fantastic platform,
but their support team is amazing!”

We are thrilled that our customers love using PageProof. It is fantastic to hear they recognize our best-in-class support as well as enjoy all the benefits of our ingeniously simple, but powerful solution – helping creative teams and marketers achieve their best results.
