

PageProof dazzles in latest online proofing category report

We are thrilled to share that PageProof has received an impressive **25 badges** in the **G2 Summer 2023 online proofing category report**. This incredible achievement solidifies our position as the leading solution in the Results, Relationship, and Usability categories. The introduction of G2's segmentation of reviews by company size means that potential buyers can now ensure that a solution fits their type of company. And they all love PageProof. It is no wonder then that PageProof maintains its exceptional track record of being rated a near-perfect **4.9 out of 5 stars**.

Globally loved, regardless of size.

PageProof online proofing is globally loved

We are thrilled that PageProof was awarded the *High Performer* badge for the category overall, as well as each of the market size segments – Enterprise, Mid-Market, and Small Business. Driven by our outstanding customer satisfaction scores, we were also named a *High Performer* for the European region, showing that PageProof is loved across the globe. We also earned the *Momentum Leader* badge, reflecting that PageProof continually strives to evolve the online proofing category.

A big thank you to our users who have provided [reviews](#) – we are thrilled to have so many happy customers behind us.

Let's take a quick look at why we have scored so highly:

Getting started is easy.

We make getting started simple

We strive to make things simple. This starts with the implementation of the platform. Recognizing the importance of successful implementation, G2 empowers software buyers to compare products based on their Implementation scores, enabling them to streamline the buying process and identify easily implemented solutions based on peer experiences.

Voted: Most Implementable

We are proud to receive the **Most Implementable** badge among many competitors. A score of 93% showcases PageProof's commitment to providing a user-centered and seamless implementation experience. Our **Ease of Setup** score of 95% is way above the category average. This translates into a smoother and more streamlined implementation process, ensuring users can quickly leverage the platform's robust capabilities. As a result, PageProof's time to go live is nearly **half the time** of our competitors.

Customers come first.

Exceptional customer service is our priority

At PageProof, we prioritize customers' needs at every stage of the customer journey. Our aim is to deliver outstanding service at every customer interaction, no matter what the company size. As part of the quarterly G2 category review process, customers are asked to rate their relationship with their online proofing provider. We are thrilled to win the **Best Relationship** badge in the Relationship category, both overall and for small business and enterprise teams. Best of all, the supporting scores for this badge are near-perfect.

Voted: Best Relationship

We are customer-focused every step of the way, so we are over the moon to be voted as the product with the best relationship overall. A score of **99%** means our users recognize that we are passionate about creating a joyful, nurtured experience that puts customers and their brands at the forefront. It should be noted that this is miles ahead of the category average of 86%.

The Best Relationship badge comprises of the following near-perfect scores:

- Likelihood to recommend 98%
- Ease of doing business with 99%
- Quality of support 99%

Get your best results.

PageProof proofing to help you get your best results

We believe that a powerful, easy-to-use review and approval process is essential to creating pixel-perfect work – and of course, saves time and money. Even more importantly, by working within a robust framework that has checks along the way, brand compliance is ensured. But PageProof goes even a step further. By inviting engagement across a wider team, more diverse ideas are added to your creative – **strengthening** your brand. We believe that **every voice can make a difference** and we support creative collaboration by offering **no limits on users, proofs, workflows, and storage.**

Software buyers can compare products in the G2 Online Proofing category according to their *Results* scores. We are delighted to have been awarded the **Best Result** badge in this category.

Voted: Best results

We are thrilled to be named the online proofing platform that gives users the *Best Results* with a score of 94% – well above the category average of 82%. This badge is a reflection of being awarded the highest overall results score sourced from a combination of measures, including estimated time to ROI, time to go live, and highest likelihood to recommend.

PageProof's ROI is 8 months on average, which is about **half the time** of the category average. And the time to go live is **43% quicker** than what users are experiencing with other software solutions.

We are passionate about adding capability while removing barriers to your review process. Meaning you will achieve your best results, quickly.
