

PageProof is the preferred solution globally in G2 Fall 2022 report

PageProof is preferred globally in
G2 Fall 2022 report

We are excited to announce that PageProof has been awarded a spectacular 8 out of the 17 potential badges in the G2 Fall 2022 online proofing category report. That means that we are the top solution in the Results, Relationship, and Usability categories. PageProof continues to be rated a near-perfect 4.9 out of 5 stars.

It comes as no surprise then that we were awarded the High Performer badge in the latest report driven by our outstanding customer satisfaction scores. Excitingly we were also named a High Performer for the European region, and earned the Momentum Leader badge once again. Both reflect that we don't believe in standing still.

Leader in online proofing.

A big thank you to our users who have provided [reviews](#) – we are thrilled to have so many happy customers behind us.

Let's take a quick look at why we have scored so highly:

Customers come first every step of the way

At PageProof, we prioritize our customer's needs at every step of the customer journey. Our aim is to make every contact with every customer exceptional. Creative collaboration is everything to us. For the quarterly G2 category review, customers are asked to rate their relationship with their online proofing provider. We are therefore thrilled to have been awarded 2 out of 3 badges in the Relationship category based on actual customer views. And, the scores awarded under each badge are near-perfect.

Voted: Best relationship

We are customer-focused every step of the way so we are over the moon to be voted as the product with the Best Relationship overall. A score of 99% means our users recognize that we are passionate about creating a joyful, nurtured experience that puts customers and their brands at the forefront.

Voted: Best support

We pride ourselves on our customer support. Therefore, it is an honor to be voted as the product with the Best Support with a near-perfect score of 99%. Meaning our users recognize our personal touch and quality of assistance with every customer interaction – no ifs, buts, or bots.

More humans, less bots.

Escalating your proofing productivity

We believe that a powerful, easy-to-use review and approval process is essential to creating pixel-perfect work – and of course, saves time and money. Brand compliance is easy to achieve with the robust framework that provides checks along the way. PageProof also supports you in growing your brand. By inviting engagement across a wider team, more diverse ideas and feedback are added to your creative process – strengthening your brand. We believe that every voice can make a difference and we support creative collaboration by offering no limits on users, data, and storage.

Software buyers can compare products in the G2 online Proofing category according to their Results scores. We are delighted to have been awarded 2 out of 3 badges in this category.

Globally loved.

Voted: Best Results

We are thrilled to be named the online proofing platform that gives users the Best Results with a score of 93% – miles above the category average. This badge is a reflection of being awarded the highest overall results score sourced from a combination of measures including estimated time to ROI, time to go live, and highest likelihood to recommend.

PageProof's ROI is 6 months on average, which is about half the time of the category average. And the time to go live is 39% quicker than what users are experiencing with other software solutions.

We are passionate about adding capability whilst removing barriers to your review process. Meaning you will achieve your best results.

Voted: Users most likely to recommend

It is an honor to again be named the online proofing platform that Users Are Most Likely To Recommend. 98% of our users are likely to recommend PageProof. We are delighted that users love the experience of PageProof so much that they would not hesitate to recommend us.

PageProof delights users

PageProof provides a powerful, smart platform that lets you fly through approvals on autopilot. Software buyers can compare products in the G2 online proofing category according to their Usability scores to determine which products are the simplest to use. With near-perfect scores in all categories, PageProof is the #1 voted solution in this category, winning best usability overall. Simply put, users love us.

Ingeniously simple to use.

Voted: Best Usability

We are proud that users voted PageProof as the tool with the Best Usability.

This badge reflects the highest overall Usability score: highest ease of use rating (96%), highest ease of admin score (96%), and highest meets requirements score (96%). PageProof received a total score for Best Usability of 94% which we are proud to say is well above the category average (87%). We love that PageProof is packed with powerful, innovative features that are ingeniously simple to use.
