

## PageProof tops the category for online proofing in the latest G2 report

PageProof shines bright  
in Summer 2022 G2 report

We are excited to announce that PageProof has been awarded 7 out of the 15 potential badges in the **G2 Summer 2022 online proofing category report**. That means that we are the top solution in the *Results, Relationship, and Usability* categories. PageProof continues to be rated a near-perfect **4.9 out of 5 stars**.

It is, therefore, no surprise that we were awarded the *High Performer* badge. In addition, PageProof was named a *Momentum Leader* reflecting that we don't believe in standing still. We are passionate about adding results-driven capability for our customers – we believe there is always a better way. We are proud that PageProof delivers on this promise of world-class proofing time and time again.

We don't believe in standing still.

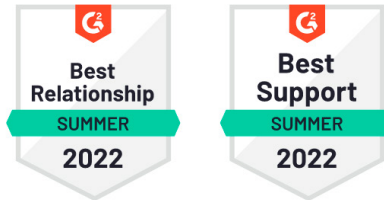

A big thank you to our users who have provided [reviews](#) – we are thrilled to have so many happy customers behind us. Let's take a quick look at why we have scored so highly:

### **Creative collaboration is everything to us**

At PageProof, we prioritize our customers' needs every step of the way. Our aim is to make every contact with every customer **exceptional** every step of the way. Customers are asked to rate their relationship with their online proofing provider in the G2 category review. We are therefore thrilled to have been awarded **2 out of 3 badges** in the *Relationship* category. And, the scores awarded under each badge are near perfect.

## More humans, less bots.

### Voted: Best relationship

We are over the moon to be voted as the product with the *Best Relationship*. A score of 99% means our users recognize that we are passionate about creating a joyful, nurtured experience that puts customers and their brands at the forefront.

### Voted: Best support

We pride ourselves on our customer support. Therefore, it is an honor to be voted as the product with the *Best Support* with another amazing score of 99%. Meaning our users recognize our personal touch and quality of assistance with every customer interaction – no ifs, buts, or bots.

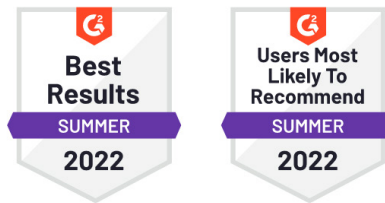

### Getting your best result is ingeniously simple

We believe that a powerful, easy-to-use review and approval process is essential to creating pixel-perfect work – and of course, saves time and money. Even more importantly, by working within a robust framework that has checks along the way, brand compliance is ensured. But PageProof goes even a step further. By inviting engagement across a wider team will mean more diverse ideas are added to your creative – **strengthening** your brand. We believe that **every voice can make a difference** and we support creative collaboration by offering **no limits on users, data, and storage**.

Software buyers can compare products in the G2 Online Proofing category according to their *Results* scores. We are delighted to have been awarded **2 out of 3 badges** in this category.

## Helping you get your best results.

### **Voted: Best Results**

We are thrilled to be named the online proofing platform that gives users the *Best Results* with a score of 92% – well above the category average. This badge is a reflection of being awarded the highest overall results score sourced from a combination of measures including estimated time to ROI, time to go live, and highest likelihood to recommend.

PageProof's ROI is 6 months on average, which is about **half the time** of the category average. And time to go live is about 39% quicker than what users are experiencing with other software solutions.

We are passionate about adding capability whilst removing barriers to your review process. Meaning you will achieve your best results.

### **Voted: Users most likely to recommend**

It is an honor to again be named the online proofing platform that *Users Are Most Likely To Recommend*. 98% of our users are likely to recommend PageProof. Such an amazing result means that we have been awarded the badge for this category. We are delighted that users love the experience of PageProof so much they would not hesitate to recommend us.

## Ingeniously simple to use

PageProof provides a powerful, smart platform that lets you fly through approvals on autopilot. Software buyers can compare products in the G2 online proofing category according to their *Usability* scores to determine which products are the simplest to use. PageProof is the **#1 voted solution** in this category, winning best usability overall. In fact, all our scores are well above the category averages. Simply put, **users love us**.

You won't believe you ever  
worked without it.

## Voted: Best Usability

We are proud that users voted PageProof as the #1 tool with the *Best Usability*. This badge reflects the highest overall *Usability* score comprising of: ease of use rating (95%), ease of admin score (96%), and best meets requirements score (96%). PageProof received a total score for *Best Usability* of 94%, which we are proud to say is far above the category average. We love that PageProof is so ingeniously simple to use whilst packed with powerful, innovative features.

“Best proofing system, easy to use, great integrations and customer experience.”

### **Online proofing software leader**

We are privileged to be at the leading edge of online proofing software. PageProof is the innovative driver of the category, often developing features that users had not even realized they wanted. By using PageProof, your approval process becomes simpler, smarter, and more secure. Truly understanding our users, as well as the continued innovation makes PageProof a Momentum Grid Leader.

We are thrilled that our customers love using PageProof. It is fantastic to hear they recognize our best-in-class support as well as enjoying all the benefits of our ingeniously simple, but powerful solution – helping creative teams and marketers **achieve their best results**. Join the PageProof revolution today and turn what was once a headache into an easy and welcome part of every day.
