PageProof shines in the latest G2 category review

PageProof shines in the
G2 Winter 2022 report

We are on top of the world that PageProof has been awarded a staggering **10 out of the total 15** potential badges in the G2 Winter 2022 online proofing category report. As an overall result, we are the top solution in 3 out of the 5 categories. PageProof also received a near-perfect **4.9 out of 5 stars.**

It comes as no surprise then that we were awarded the *High Performer* badge in the latest report driven by our outstanding customer satisfaction scores. In addition, PageProof was named a *Momentum Leader* reflecting that we don't believe in standing still. We are passionate about adding results-driven capability for our customers – we believe there is always a better way and PageProof delivers on its promise of world-class proofing.

Evolving online proofing.

A big thank you to our users who have provided reviews – we are thrilled to have so many happy customers behind us.

Let's take a quick look at why we have scored so highly:

We put customers at the forefront

At PageProof, we prioritize our customers' needs every step of the way. For every customer connection – we aim to make that experience exceptional. Customers are asked to rate their relationship with their online proofing provider in the G2 online proofing category review. Buyers can then easily gauge what kind of relationship to expect from companies in this category. We are therefore thrilled to have been awarded all **3 out of 3 badges** in the *Relationship* category. And the scores under each badge are near perfect.

No ifs, no buts, no bots.

Voted: Best relationship

We are customer-focused every step of the way and we are over the moon to be voted as the product with the *Best Relationship*. Being awarded a fantastic score of 98%, meaning our users recognize that we believe in creating a joyful, nurtured experience that puts customers and their brands at the forefront.

Voted: Best support

We pride ourselves on our customer support. Therefore, it is an honor to be voted as the product with the *Best Support* with a near-perfect score of 99%. Meaning our users recognize our personal touch and quality of assistance with every customer interaction – no ifs, buts, or bots.

Voted: Easiest to do business with

We are so proud of our *Easiest To Do Business With* score. The 99% reflects that we make sure you are dealing with real, experienced people, and we are available when you need us. It also means that customers are more than happy to recommend us – 99% in fact.

We help you get your best results

We believe that a powerful, easy-to-use review and approval process will help you create pixel-perfect work – saving time and money along the way. But it doesn't stop there. Inviting engagement across an organization will mean more diverse ideas that will strengthen your brand. We believe that every voice can make a difference and we support this collaboration belief by offering no limits on users, data, and storage.
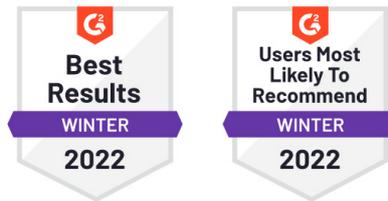

Software buyers can compare products in the G2 *Online Proofing* category according to their Results scores. We are delighted to have been awarded 2 out of 3 badges in this category.

"Gives you all the functionality you need, want and dream of!"

★★★★★

Make reviewing work feel effortless.

Voted: Best results

We are thrilled to be named the online proofing platform that gives users the *Best Results* with a score of 91% – well above the category average. This badge is a reflection of being awarded the highest overall results score sourced from a combination of estimated time to ROI, time to go live, and highest likelihood to recommend.

PageProof's ROI is 6 months on average, which is about half of the category average. And time to go live is about 33% quicker than what users are experiencing with other software solutions.

We are passionate about adding capability whilst removing barriers to your review process. Meaning you will achieve your best results.

Voted: Users most likely to recommend

It is an honor to again be named the online proofing platform that *Users Are Most Likely To Recommend*. This badge is a reflection of being awarded the highest likelihood to recommend score of 98%. We are delighted that users love the experience of PageProof so much they want to spread the word.

Less Headaches, more high fives.

Ingeniously simple to use

PageProof provides a powerful, smart platform that lets you fly through approvals on autopilot. Software buyers can compare products in the G2 *online proofing* category according to their usability scores to determine which products are the simplest to use. With near-perfect scores in all categories, and being awarded 3 out of the 4 potential badges, puts PageProof at the top. Again.

Voted: Best meets requirements

We are continually striving to find a better way, by developing features and integrations that you have been dreaming of and even those you didn't even know you wanted. Therefore, we are thrilled that PageProof has been voted as the solution that *Best Meets Requirements* with a score of 96%. We believe that an online proofing tool should allow you to deliver your best work, quickly and easily.

PAGEPROOF

Voted: Best usability

We are proud that users voted PageProof as the tool with the *Best Usability*. This badge reflects the highest overall Usability score: highest ease of use rating (96%), highest ease of admin score (97%), and highest meets requirements score (97%). PageProof received a total score for *Best Usability* of 93% which we are proud to say is far above the category average. We love that PageProof is packed with powerful, innovative features that are ingeniously simple to use.

Voted: Easiest admin

Administration should be the least of your concerns. Therefore, we are thrilled that PageProof has been awarded the top solution for *Ease of Admin*. At 97% which is way above category average, there is no doubt that we are making admin simple. And of course, our team are always available if you need us to assist.

> PageProof makes reviewing and approving work feel effortless, meaning users love providing feedback 💚
